

# Local focus, **global reach**

DLA Piper combines international insight with local know-how. We genuinely understand our clients' businesses, and provide tailored practical advice and innovative legal solutions to help them succeed.

As the 'go to' international law firm for Indian corporates, we represent many of India's largest companies and conglomerates, and are committed to helping them create truly global operations.

We are proud to have advised on some of the largest mandates and financial projects involving Indian companies, as well as high profile transactions in a multitude of different sectors.
